## Event Sponsorship

Part of the mission of the QANM is to provide continuing medical education to its members. In addition, the QANM is interested to expand our community to reach French-speaking practitioners. We are looking forward to hosting conferences and other events to welcome members of the ANAQ (ND.A) or international naturopaths from France or other French speaking countries. We are grateful for corporate support in planning and hosting these events. We look forward to contacting our corporate sponsors first for additional opportunities to reach our members and beyond.
